THE NEW ZEALAND ORIENTEERING
FEDERATION ACKNOWLEDGES THE
SUPPORT OF THE HILLARY
COMMISSION AND THE SPORTS
FOUNDATION.

EDITORIAL

Dear All,

What a busy start to the year! For those who travelled to APOC I'm sure you'll join me in congratulating the organisers of a very smoothly run carnival. Considering the small size of some of the organising clubs, I think they did a marvellous job. And who would have expected the results book to be published within a week of the last event!

Thanks must also go to Central Club, especially Rob Jessop, Rob Crawford and Mike Ashmore, for a most enjoyable 3-Day event at Lake Kereta.

Unfortunately I've had no concrete offers to take over the magazine so Mark Roberts and I will probably share the task doing alternate months. Please continue to send material to me and I will pass it on if needed.

Best wishes to all those named in the World Cup teams and the Southern Cross Junior Challenge team (printed elsewhere in this issue). The events are less than two months away so there should be some serious training going on amongst our top orienteers.

Rob and I are shifting in 2 weeks time so next month's magazine copy should be sent to.. 23 Nixon Road, RD 2 Henderson, Auckland 8.

Until next time,

Happy Orienteering,

Marquita Gelderman.

NORTH-WEST NEWS

Just two weeks into the New Year and I'm already suffering from orienteering fatigue and my brain is refusing to cope with the home ground territory of Woodhill's Lake Kereta spaghetti!

1993 ended with a successful Club dinner at the Mon Desir. Harrison Melrose attended his first orienteering function at barely 3½ weeks of age. Special prizes were presented by our World Champs representatives and went to Rhys Thompson for Most Improved Senior; to Matthew Crozier for Most Improved Newcomer; to Marquita Gelderman for Most Outstanding Performance of the Year (winner Scottish 6-Day W21E); and to Ann Fettes and Colin Tait for Most Significant Contribution to the Club.

APOC was a wonderful feast of varied terrain from the fast flat dune forest of Knottingly, to the knolls and depressions of The Slump and the rocks of Maraetotara. We experienced 35 year record floods in Masterton (and the computer scored a lightning strike) and the searing 30°+ temperatures in Hawke's Bay. Our APOC individual Champions are Rob Garden M45A, Katie Fettes W21E, and Judy Martin W65A. Katie made a clean sweep of all her races - obviously not drinking the profits of Geoff's beer sales!

We'd barely recovered from APOC before some NW members found ourselves chomping power bars and dashing across the tussock hills of Waiouru in the Wilderness Mountain Marathon. Perfect race conditions, perfect views of the wild horses and tough, demanding courses. Michael Hood and partner were out for value for money, just sneaking into camp each day before the search parties went out.

Katie and Max Kerrison (Pinelands) took the mixed pairs title on course 1 (overnight) while Geoff and Lisa Mead proved that having a family couldn't kill a good marathon partnership, by just taking the mixed prize and second overall on course 2.

Former club member Rowena Grenfell has settled into life as an English GP near Blackpool and she and Roger Browne are off to an international orienteering event in South Africa in February.

Welcome to new club members Dianne and Roel Michels and family who have moved north from Cambridge.

The Foster family have moved house to 6 Totara Road, Whenuapai.

The first club meeting for 1994 will be on Thursday February 3rd, 7.30pm, at the Stones' residence, 8 Agathis Ave, Mairangi Bay. All are welcome.

COUNTIES MANUKAU NEWS

With APOC and the Woodhill 3-Day it has been all go over the past month. For those 22 CM members who travelled to Wellington/Manawatu/Hawkes Bay each will have a high point of a successful carnival. My own results were well down the board but there was not one run I didn't enjoy. Our major successes were Ross Brighthouse, a win in M40A in the ANZ Challenge at "The Slump", Trish Aspin, 4 wins and overall winner, Val Robinson, winner of the APOC Individual title in W50A while Tania was second to Katie Fettes in W21E for the series. Rolf Boswell was 2nd in M21AL, an international grade with 43 competitors. Graham Teahan and his team are to be congratulated for a top class effort which impressed our overseas visitors. As an example, the results booklets were delivered to the Woodhill 3-Day only 6 days after the final event!! A feat which astonished the Aussies!

Woodhill - three days of excellent courses, weather and organisation. Tania Robinson and Jeanine Browne took the top 2 places in W21E and gained selection for the Easter World Cup races in NZ and Australia. I thought the best performance came from 10 year old Jayne Shuker who was second on course 12. Sometimes we forget our juniors and huddle in our own select groups after an event but I did see one elite runner congratulate her.

Congratulations to CM additions to the Development Squad - Robbie Wakelin, Rachel Shuker, Michael Poynter, and Shane Phillips, and also to Kisten Ambler and Sasha Middleton for making the World Cup team. World Cup organiser John Watson (ph 818-2519) would welcome assistance in any way for this event.

The AGM of the Club will be preceded by a barbeque at Sneddon's residence on Monday 1st February.

1994 Junior Area Competition

There will only be two challenges in 1994

1. Katoa Po All Night relays at Taupo 26/27 Feb
2. Central District Championships in September

The first challenge is open to all Auckland juniors aged between 13 and 20. If you would like to be part of this please contact Lorri O'Brien as soon as possible. (ph 09 4158932) Transport will be arranged if required. Accommodation is camping on site at the event.

AOA Chairman's Report 1993

1993 seemed to be a bit of a disjointed year, with a lack of continuity in the event scheduling. The early part of the season - the low key Autumn series combined with the secondary schools competition series - was well attended but from June onward the season lost momentum.

The scheduling of the OY events at monthly intervals was not very popular so hopefully next year's program will remedy that. Also despite the driest winter in Auckland for many years it managed to rain at most of the OY's making conditions unpleasant on exposed maps. The OY trophies have not yet been presented for this year. With little response to our attempts to organise an end of year function I have not come up with an alternative venue at which to do this.

North West organised the Auckland Secondary Schools Championships and despite drizzly weather over 200 teenagers enjoyed this event. The six-event competition leading up to these championships enabled many children to experience orienteering as an ongoing sport instead of a one-off race each year. This series will be continued next year. Thank you to the ASB Secondary Schools Sports Association and in particular Warren Ogilvie who handled some of the administration.

Counties Manukau ably hosted the Auckland Championship events at Whiri-Maioro and Waiuku Forest which were well attended.

The Auckland Relays at Selfs Farm which Central ran had the lowest number of teams ever to take part. I believe the combination of venue and spectator courses contributed to this.

Congratulations to Whangarei club and especially Kathryn Rankin who became their first ever National titleholder.

There are many people I would like to thank ...

Ann Fettes, who organised the NZ junior camp in Woodhill during December,
Mike Beveridge, for forest liaison with Carter Holt (Rob Ambler has now taken over this task),

Marquita Gelderman, magazine editor,

Rob Garden, technical officer,

Keith Stone, OY statistician, and finally

Barry Tuck, who has been secretary of the Association for the last three years.

My two years as chairman has been an interesting and largely enjoyable time, but I do not want to be involved in the recent push for a change to the competitive season. I have other things to do in my summers.

Lesley Stone
Chairman

AOA Statistician's Report 1993

The Orienteer-of-the-Year competition in 1993 was changed by the combination of adult grades into 10-year groups instead of the previous 5-year groups. While this resulted in more competition within these larger grades, it also distorted the points results somewhat.

Points are presently calculated in two parts, with a maximum of 10 place points and 10 time points for each winner and place points for the next 9 placegetters and time points for everyone within 150% of the winner's time. By the end of the year nine grades had more than ten competitors with the largest (M40-49A) having 24, so this means a number of finishers in these grades do not get any place points. Similarly, although not necessarily to the same extent, the larger grades can mean a bigger spread of times with more runners finishing later than 150% of the winner's time. However a review of the results shows that there is just as large a spread of times in grades of small numbers as in the larger grades.

I believe we should offer a points system that means almost everyone that finishes earns place points which would mean extending place points to, say, the first 20 placegetters and this could be done by still awarding 10 place points to the winner, then 9.5 to second, 9 to third, etc. At the same time we could extend the time range behind the winner within which time points are given from 150% to any other percentage e.g. 175% or even 200% or more. I would suggest that 200% (or double the winner's time) should be the maximum range however.

If the winning points are retained at 10 for place and 10 for time but place points are given to the first 20 places and time points are given to all finishers within, say, 200% of the winner's time the effect will be to have more people earning points with smaller differences between them, in other words a more intense competition in a lot of grades.

The idea of earning double points in the last event would not be affected at all and the maximum points that could be won would still be 120. There would just be more people with points than there are now.

From my point of view there would be no difference in calculating the points results - I would just have to make a change in the computer program to calculate the points on whatever basis is decided.

NZOF NEWS NZOF NEWS NZOF NEWS DECEMBER 1993

Well I have managed to find some news that warrants an issue before the next MAPsport.

RE-APPOINTMENTS DUE.

The positions of Promotions Officer and Property Officer which are appointed annually by the NZOF Council, are due for appointment in February 1994. Therefore, applications for these positions are now called for and a copy of the Job Description is available from the NZOF Secretary. Jim Lewis has indicated that he will not do the Property Officers job next year. Applications are to be sent to the NZOF Secretary by the 12 February 1994.

NEW NON-SUB COMMITTEE POSITION.

With concerns in keeping track of the where-abouts of NZOF trophies, the Council would like someone to be the NZOF Trophy Custodian. If anyone is interested in this job, please contact the NZOF Secretary.

MEDIA PERSON HELP.

Way back in September 1993 I sent clubs a letter informing them of the part-time appointment of Wayne Munro as Media Person. I also asked clubs to send me the name of their publicity/media person. This response was very slow as I have had a few complaints that their local papers didn't publish much or nothing from the World Championships. It appears that NZOF letters are still not getting a fair reading at committee meetings and secretaries not taking an initiative to hand relevant material to the appropriate committee member.

Of those names sent to me I have passed on to Wayne as soon as I can. I suggest that club publicity officers make or keep in contact with their local papers as they ALL will receive information through the media service and may need some prodding to publish an article.

INFORMATION TO HAND.

I have recently received the following:

- Entry details to the 1994 World Universities O-Championships.
- IOF Event Calendar for 1994-1996.
- Latest IOF Hi-Tech Group Newsletter.

Those requiring this information, please contact the NZOF Secretary.

THIS MONTH'S PUZZLE

FARMER BROWN'S ANIMALS

When Farmer Brown was asked how many animals he had on his farm, he replied: "All but twenty are cows, all but eighteen are horses and all but fourteen are sheep."

How many animals does he have?

FROM THE ARCHIVES

Ten years ago APOC was in New Zealand at Naseby, running among the gold workings, matagouri and broom, with an open slather barn dance to finish off. The ANZ Challenge and NZ titles were incorporated in the event with the following Auckland winners - Roger Brighthouse (M12), James Brewis (M17), Simon Clendon (M19), Geoff Mead (M21A), Athol Lonsdale (M50), Laurie Baxter (M56), Jeanine Browne (W17), Phyllis Sneddon (W35), Anne Fettes (W43), Heather Clendon (W43B), and the elite titles going to Anne Salisbury and Kevin Ireland.

The February Summer Series continued on the same areas including Churchill Park and St Kentigern College. An international flavour was added to these evnts by Swedish orienteer Ingrid Svensson.

The first OY of the season was held at Weiti with Rob Garden beating Ross Brighthouse and Wayne Aspin, followed by promotional events at Manukau City, now a post-card sized map, and Rangitoto College, parts of which can still be seen as we drive on the motorway to Albany.

It was 10 years ago that the elite grades came into being and NZ results were closing on Australia - relays Aust 6, NZ 5 and individuals Aust 7, NZ 4.

Ken Browne.

LETTERS TO THE EDITOR

Kia Ora Marquita

I thought I should start the year with a bit of a stir.

I enjoyed Mark Roberts' provocative, thought provoking and amusing editorial in the issue he put together when you were away late last year. You will no doubt recall that he discussed interclub rivalry with particular reference to Central and North West clubs.

I admired his skillful use of language in getting readers to suspend their common sense and imagine that slandering NWOC is a standard agenda item at Central Club committee meetings which is passed unanimously with a standing ovation and shouted insults.

I regret to inform your readers that the meetings are far more boring and have been even more so since Mark left for other amusements.

It was also amusing to read Mark's comments on interclub rivalry given that he was a stalwart of the Wairarapa club. Some of your readers may recall that the Wairarapa club, all ten members (half of whom live in Wellington), gave notice to the other 4 clubs in the Wellington Orienteering Association, that all of the Wairarapa, its farms, forests, lakes and other taonga, were to be the mapping preserve of the Wairarapa club.

This mapping annexation was received with good humour; the offer of beads and booze for mapping rights, a refusal to sign any Treaty of Wairarapa which did not recognise the mapping rights of foreigners, and initiated a frenzied mapping campaign of the area by Hutt Valley and Wellington clubs. Interclub rivalry over mapping, membership, the OY competition, and multi-day events was, and probably still is, apparent amongst Kapiti, Hutt Valley and Wellington clubs.

Differences between the Auckland clubs is inevitable. What matters is that the differences are resolved amicably so that no one club feels that they did not get a fair hearing from the others. The differences, therefore, need to be debated at leisure and without one club believing the others are colluding to get their own way with out attempt to compromise.

There are, of course, personality conflicts between individuals which will sometimes reduce the best of systems and the best of intentions to chaotic irrelevancies.

Cheers

John Powell.

THE GINSU 2000 DAY

Want to do well at Easter ??? Want to cut through your opponents like a ginsu knife through a steel girder ??? Nothing to do on Sunday the 20th of March ???
Then have we got a deal for you !!!

For those of you lucky souls who attended the training weekend at Tyger Country this is an ideal time for you to try out your newfound skills before the big event which is two weeks later.

The WOC squad will be using this area for training on the same day. They are using this map because of its relevance to the World Cup (or for us commoners the Easter Four Day). The native bush is said to be the most relevant and this is why there will be a wide range of controls in this part of the map.

We offer you: a day jam packed full of fun. It will be both educational, exciting, different and an experience you will treasure for life.
Included in this deal is:

The standard courses of 1.5km, 3km, 5km, and an added bonus 8km course.

**BUT WAIT !!!!!!!
THAT'S NOT ALL !!!!!!!**

Also included in the day is a special contour only exercise. This will be kept to a shorter distance so that you can indulge yourself after doing a standard course.

**AND HOW MUCH WOULD YOU EXPECT TO PAY FOR SUCH A
DEAL ???**

NOT \$200 , NOT \$50, BUT JUST A SMALL \$5

DON'T SEND ANY MONEY, WE'LL BILL YOU ON THE DAY.

This event has been organised by Antony Barr, Kirstine Collins, Shaun Collins, and Fiona Humphreys. The proceeds from the event will assist the above to get to the Junior Southern Cross Challenge in Australia in early April.

Please note : You may well see the legendary "patch of 60 hectares of rhubarb growing happily in the sunshine on a north west facing slope"

For further details please feel most welcome to contact Shaun "the Sheep" Collins on the electronic telephone device at (07) 8564 504.

Khaos Productions

invites you to

A WEEKEND AT

TYGER COUNTRY

March 12-13

KHAOS[®]
PRODUCTIONS

A Weekend at TYGER COUNTRY

This weekend has been designed primarily as a training weekend for the average orienteer. We will have several exercises on each day aimed at improving your orienteering skills. Each exercise will have a discussion session afterwards. In addition to this we will have a FUN night event on the Saturday night, and an OY standard event on the Sunday afternoon. This will allow you to practise the skills you have learnt over the weekend.

Schedule:

This outline is approximate only and may change slightly before the event.

Saturday:	11am	Meet at Tyger Country map
	12pm	Exercise 1
	3pm	Exercise 2
	4.30pm	Discussion of the day's exercises. Set up camp close to the map
	8pm	Night event
Sunday:	9.30am	Exercise 3
	11am-1.30pm	OY standard event

Camping

Camping facilities are available close by (<15kms). While these are basic (long drop toilets and a river for water) we still suggest you use them because of their proximity to the map.

Entry

You do not have to enter before the weekend BUT it would be easier for our club if you could pre enter using the form contained elsewhere on this sheet. Pre entry guarantees you pre marked maps for the training exercises and night events, and also gives you a discount on the entry fee. If you arrive on the day you will still be able to participate, but you may have to mark your own courses for the training exercises.

Other information

Whilst we are hoping for fine weather, we all know how cold the map can be. Come prepared! Also, bring a torch or head lamp for the night event.

Because of the possibility of fire risk the event may have to be cancelled at short notice. All competitors who pre enter will be notified of this where possible and their entry fees will be refunded.

Cost for the entire weekend

Pre Entry	Senior	\$10	Enter on the day	Senior	\$12
	Junior	\$7		Junior	\$8
	Family max	\$25		Family max	\$30

Directions to the event

From Rotorua: Signposted from SH 38 (towards Murupara), 22.0km east of Rainbow Mountain. Allow 70 minutes from Rotorua.

From Taupo: Take the Broadlands road towards Reporoa. Signposted from this road, 20.2km northwest of Taupo. Allow 50 minutes travel from Taupo.

From Hawkes Bay: Warning - There are no "O" signs until you reach the map, and we will not be checking to see if the road is OK for travelling.

Travel on SH 5 to Tarawera Tavern. Continue West for a further 12.2 km. Turn right into Pohokura Road and head downhill. (Just North of Tarawera, on SH 5, you will pass the southern end of Pohokura Road. Do not turn off there!) After 1.1km cross a bridge and turn left. It is another 16.9km to the map. The road is unsealed and of variable quality for the first few kilometres - take care. At the end of 16.9km signposts will direct you to the event. Allow about 40 minutes from SH 5.

TAUPO ORIENTEERING CLUB
KATOA PO

The 1994 inter-club all-night orienteering relays will be held on the night of Saturday 26 February 1994.

Map: Opepe East (specially remapped)
Scale: 1:10 000
Contour interval: 5 metres
Terrain: Farm with patches of native forest. Numerous gullies/spurs
Course setter: Jim Lewis
Enquiries to: Jim Lewis, 'phone 0-7-378 9289

Teams will comprise seven runners of mixed ability for the following legs:

LEG	TIME TO RUN	ESTIMATED WINNER'S TIME	DESCRIPTION	GRADE RESTRICTIONS
1	Dusk	25 mins	Easy	* Only for juniors under 17 Seniors over 50 or C graders
2	Twilight	30 mins	Medium, suitable for juniors or veterans	* <u>NO</u> M21A M21B M35A M19-20 W21A or M17-18
3	Night	40 mins	Difficult, but suitable for good juniors, veterans or B graders	<u>NO</u> M21A M35A M19-20 or W21A
4	Night	45 mins	More difficult than Leg 3	<u>NO</u> M21A M35A or W21A
5	Night	40 mins	As difficult as Leg 4	<u>NO</u> M21A
6	Night	55 mins	Fairly difficult	Any grades
7	Night/ Dawn?	60 mins	Bloody murder	Any grades

* Competitors may run in pairs on these first two legs

Owing to the challenging terrain all courses will have fences shown on their maps. The original Opepe map (1985) has been redone. This edition contains the current cartography symbols, index contours, and a shade of yellow which can be read at night.

Last year we ran a competition amongst Michael Wood's juniors in 5-person teams using the first 5 legs. We intend to hold a similar competition again and it is hoped that those orienteers involved with school groups will encourage their pupils to participate here. Mixed teams of 5 may also compete over these five legs if they don't want to make up 7 person teams. The 7-person team competition however remains the main competition.

There is no telephone available.
No dogs of course.
No open fires permitted (we are right next to a forest) - use a gas BBQ/stove.

SUNDAY EVENT:
(27 February)

Central Districts O.Y. 1.
This event will be on the same map so you will not have to pack up early and move. The first 2 courses will have maps with NO FENCES and should prove quite challenging.

O.Y. Fees: \$6 (adult), \$3 (junior), \$15 (family maximum)
Start Times: 1000 to 1230 (slightly earlier than normal)

NO PROGRAMME WILL BE ISSUED PRIOR TO THE EVENT.

Just enter your team, pay the fee, and turn up.

Kiwifirst - Raising Funds for Club & Junior Sport by J Stevenson

We all know how hard it's becoming to secure that elusive dollar for sponsorship. We know the hours spent in committee costing various fundraising campaigns, getting club members to support various activities or the hours spent turning pikelets. Well, these hassles are soon to become like the proverbial dinosaur... Extinct !

Kiwifirst Limited, a capital based sports promotion company, has been recognised as the official fundraising arm of the Lance Cross Trust and is currently generating its first fundraising vehicle.

The Lance Cross Trust was established in the mid '80's to offer fundraising activities for clubs and help develop our junior talent.

The Sir Lance Cross Trust carries the name of New Zealand's best-known International Olympic Committee member, one who was in real contention for the presidency of that august body just before Juan Samaranch took the job.

Sir Lance visited many countries in the world and became frustrated at the lack of utilisation of the skills of the talent so obvious amongst New Zealand's youngsters. He had watched, at first hand in his roles as radio commentator and then IOC member, just what New Zealanders were capable of when given a fair chance.

The trust is headed by Sir David Beattie, who is president of the New Zealand Olympic and Commonwealth Games Association, and is patron of the New Zealand Rugby Football Union amongst other sports.

How it works

Clubs will be able to raise funds by selling voucher chequebooks, each containing 20-25 vouchers from nationally based retail or service companies tailored to sports and family needs. In other words the vouchers will be worth it. Raffles will accompany the vouchers and each voucher redeemed by the purchaser should be worth at least the cost of the entire book.

Any club interested can apply for books and sell them through its own club membership - and this is where the organisation of individual clubs will count. The club will retain 50percent, or \$5, from each book sold - this they can use in any way they see fit.

"If a club has 200 members and each member sells only one book, the club retains \$1,000" says Kiwifirst marketing manager Murray McLean. "The Lance Cross Trust then makes grants back to deserving individuals and clubs from proceeds returned to Kiwifirst."

Plans are for at least three fund-raising schemes a year. Interest from all sports, says McLean, is very high. Sir David Beattie is happy that the trust is back on track.

"We believe we have a better marketing organisation and that they'll do a good job. This is all aimed at helping people at the lower end of sport, to assist people who generally otherwise have limited resources to help themselves."

Although not a pre-requisite, the trust does tend to look at what clubs have done to try to help themselves before making any grant. Kiwifirst offers clubs exactly that. All the work is done in producing an excellent fund-raising package, with full support material to make this both a refreshing and rewarding two pronged funding option for clubs.

For those interested in raising funds : Photocopy this page, fill in the boxed details and return to 'Kiwifirst', P.O Box 11-064, Wellington.
