MY LAST EDITORIAL

Hi folks! Well, here it is, my last episode! (Phew!!!) And no, you are not all being left in the lurch ... you have a 'new' editor by the name of Keith Stone. Keith has only taken on the job to save Auckland orienteering from absolute disaster - and considering he is very busy in other aspects of orienteering and has already spent several years as editor of this magazine, I think he is owed a huge thank you.

This does NOT mean you can all sit back and heave a great sigh of relief, in the belief you have escaped the editor's chair. Keith is only doing the job until a replacement can be found - he is TEMPORARY!!! I was really disappointed in the total lack of response while I was searching for my successor - everyone managed to come up with one excuse or another, and I'm sure some of them weren't really valid. This is a job anybody can do. You don't have to be a typist (I never was and never will be), you don't need a computer and you don't need great literary skills. I've managed with a potty little typewriter and a dictionary and a big bottle of twink. So.

Auckland orienteers would be lost (ha!) without this monthly magazine, so even if people took turns doing 6-month stints or something, it would be better than lumping it all on to Keith and eventually facing no publication at all. Please think about it seriously.

Anyway, thanks a million Keith for taking on the task again, and best of luck with your future issues! Your past issues were just superb so I reckon everyone is very lucky to have you back - I hope they all treat you with juicy articles!

And thank you too, to all the Auckland orienteers who have encouraged and spurred me along over the last 2½ years, and to the contributors especially - in truth they are the driving force behind this mag! They've made my job so much more enjoyable! If I could award an Oscar for Most Loyal Contributor, it would have to go to W100 (alias Doreen Oldfield), for all her light-hearted tales of orienteering catastrophes. She's sent me into many fits of giggles as I've clacked away on the keys.

Geoff and I are off in July (via APOC) for a big dose of adventuring around the world. I'll really miss the Kiwi orienteering scene, but I'll attempt to frighten a few of those European orienteers into oblivion! Hee hee! I'll keep you all posted on our worldly whereabouts!

Best of luck at Nationals - show 'em where the best o-ers come from!

See ya all,

Katie Fettes

CENTRAL CHATTER

- * The month-long amnesty seems to have had the desired effect. The flag has suddenly appeared along with the large O banner, clipcards, controls (large and small), and maps etc. People who store the gear at home rather than return it obviously want to be the equipment officer. This can be arranged with the stroke of a pen, so if you don't return the gear we will bring the rest of the club's gear to your place and appoint you officer in charge of equipment. Just joking, but please return all the gear after each event.
- * Good to see some of our younger members putting the pressure on the regular WOC Squad members. With a bit more experience, Matthew Tuck will give the selectors a lot more to think about (if he hasn't done already). Darren Ashmore completely dominated M19A at Easter and Brett Ashmore seems to be getting the upper hand on his father. It won't be long Mike before you're looking over your shoulder for Paulette.
- * I noted some of our juniors found the going a bit tough at Huriwai, OY2. Don't let this bother you. Huriwai is a very tricky map and I've seen more than a few experienced orienteers post some 'forgettable' times in the rocky areas. Hang in there. There will be plenty of time to tame these maps.
- * Margaret Nicholls and Tom Clendon weren't sure whether Easter was a wine-tasting or an orienteering weekend, so they got stuck into both. Wine must be a good 'O' appetiser. Margaret had the W50A wrapped up in three days and Tom, running down three grades, was a good second on the final day. I always thought the key to a good run was an early night, no 'how's your father' and a hearty breakfast. No wonder I'm still struggling in the 'B' grades after all these years.
- * Condolences to the Bolt family. There's an epidemic of broken arms running through the household. First Chris, then Richard. Tread carefully the rest of you, I'm told these things come in threes.
- * Orienteer of the Month is May Kim Young. May Kim is our Kiwisport Officer. Through her visits to many schools a lot of children have been introduced to orienteering. Looking at the membership statistics lately, I think May Kim could use a lot of help.
- * The very nature of our sport sometimes makes getting to know other people difficult. Newcomers can sometimes feel they are not 'in with the crowd' after quite a few months competing - so regulars, please take the time

to help the newcomers and make them feel welcome. And newcomers, we need you - you are most welcome! Don't be afraid to make yourselves known to anybody. Going to club meetings is always a good way of getting to know who's who and what's happening.

- * Despite competition from a training weekend, a CDOA OY and atrocious weather conditions, our event at One Tree Hill was fairly well patronised. Thanks for coming folks, it made our efforts worthwhile.
- * Next club meeting will be on 6th June at the Nicholls' place, 170 Campbell Road, One Tree Hill, at 7.30pm.

NORTH WEST NEWS

- * Welcome to North West to Kevin Ogles from Orakei, and welcome back to Mike, Kirsten and Michelle Lyons from Murrays Bay. Great to have you with us.
- * If you need a new O-suit, you could consider getting one in the club colours of dark green, red and white. Lesley Stone has some samples of material and different styles to choose from, and Unni Lewis from the South Auckland club will be happy to take your order and make it up.
- * Rowena Grenfell is back in hospital after complications from her broken leg. We are all thinking of you Rowena, and hope it all comes right for you soon! Hang in there!!!
- * Thankyou to the WOC Squad for yet another well organised Forest Run. Christine Crate will long regret sprinting home to just beat Lesley Stone by one place. Lesley's certificate number was called out for a prize - Christine's wasn't!!!
- * Did you know that our membership has topped the hundred? We hope to organise some social evenings soon where you can all get to meet each other.
- * Nice to see Louise Parr back in Woodhill Forest again while on holiday from Otago University. I guess that's the great thing about orienteering you can get straight back into it no matter how many years you've been away.

- * Ex-club member Julia Fettes is leaving New Zealand on May 31st, to see the world and seek her fortune! See you in Canada for APOC Julia, and best of luck in your travels!
- * Thank you to Val and John Robinson for organising the recent training camp in Woodhill. We can imagine how much time and effort these exercises take to prepare and we are very grateful. You even manage to maintain your sense of humour ... how?!
- * Don't forget the next club meeting is 7th June at Les Paver's house, 80 Velma Road, Glenfield, and also 5th July at Bev and Colin Tait's, 1/8 White Heron Drive, Massey. Start time 7.30pm. All welcome!

SOUTH AKL. NEWS

- * The Club Caravan - that monstrosity that takes charge of my Accord when I travel in excess of 40kph and took Rob two hours to dig out of a drain at Huriwai (he was driving) - has been superceded by a hard-top camper trailer. Unni Lewis will display it at our next social event.
- * The Paerata social event is on 10th June, and will be signposted from the Pukekohe highway (S.H.22) at the dairy factory turn-off.
- * The Waiuku Forest Run, scheduled for 24th June at Waiuku Forest, has been cancelled. The social event will still take place though.
- * The Queen's Birthday 3-Day event will be another major event, with a strong contingent of SAOC members entered. A funny 'ha ha' entry form finds Jeanine, a poor penny-pinching student, paying \$40 fee while I, an affluent superinuitant, pay only \$30!
- * Talking of spending money (one thing my wife is good at), the club has club T-shirts, O-suits and sweatshirts for sale. There are a few old-style T-shirts in children's sizes (\$5.00), as well as the new green T-shirts with club logo (adults \$15.00 and children \$10.00). See Unni Lewis.
- * The talking point of the recent National Junior Training Camp was Jeanette Boswell's five-star cooking (and she even found time to sneak away and win a golf tournament prize). Among the helpers were newcomers Barbara Batty and Blair Brooks, with Adrian, Rolfe and Tania.

- * Get well soon Susie Snedden, from all the club. Susie was involved in a car accident, but is on the recovery trail.
- * The next club meetings will be on June 5th at Lyndsay Shuker's house, Waiuku, and on July 2nd at the Robinsons', Pukekohe. Meetings start at 7.45pm - all members welcome.
- * As this is your last magazine Katie, a big thank you from the SAOC. Enjoy your big trip. See you soon.

LETTERS TO THE EDITOR

Dear Editor,

I would like to reply to John Gregory's letter (May mag.). I have just been involved in the hassles of organisation for Easter, and to add another dimension, such as people drifting along to do their course on the day, would be the final straw. Organisers need to know the numbers taking part. How many maps are required? Clipcards? Plastic bags? Control descriptions? Race numbers? What about social and catering requirements? Start times need to be allocated and job rosters need to be worked out.

We only have a small number of pre-entry events during the year, and most orienteers enjoy getting a pre-marked map. Surely it is not too much to ask, to expect people to make up their minds whether they want to do the event or not, and then to enter by the appropriate date. Do you know of any other sport where you can just front up to a major event, without an entry, and expect to take part? And if you are going to allow this and not charge a late entry fee as well, then why should anyone bother to enter at all? You might as well turn it into another OY.

Clubs should be looking after their members; talking to new ones and encouraging them to have a go in these events. Maybe we should make it clearer that they don't have to enter all the days involved, and that one doesn't have to be a good orienteer to take part and enjoy it.

I think that there are plenty of other events during the year where people can do their own thing. Badge and pre-entry events are special. Let's keep them that way.

Lesley Stone

Dear Katie,

I am writing on behalf of the North West Orienteering Club and all Auckland orienteers to thank you for your excellent work as editor of The Auckland Orienteer. In many ways it must be a thankless task trying to meet the deadline each month, and we Aucklanders are not well known for expressing our thanks, but we have appreciated your efforts. I know I have enjoyed your comments and articles over the past 2½ years.

I do hope someone has come forward to take over as editor. We wish you well as you and Geoff explore the world.

All the very best for the future.

Regards,

Lorri O'Brien

THE ORIENTEERING GREEBIES

Has it ever occurred to O-ers that we must, as a group, pollute the environment more than any other sporting group?

Take Easter Day 1. M65 picked up 5679 million seeds from some obscure grass, in his socks. He then proceeded to hide same until we reached home. He then nonchalantly threw them into the wash, where they were transferred by a process known as spin drying to my knickers, O-suits etc. Some fell joyfully into my garden, blown by a howling Westerly gale. Next year they will come up as a mean weed. In the meantime I am scratching furtively inside my underwear to retrieve yet another scratching, clinging seed.

And then Day 2. Who could forget the "waterfalls"? Certainly not W100, who slid down 5000 grassy, mossy logs which crumbled beneath her 10 stone, yielding huhu bugs and green slime. This slime must vie with that found on Lake Ellesmere, which kills off dogs and humans and certainly has no conscience about sticking to my last set of knickers not already infested with prickly pear.

Day 3. A lovely open farm/forest, so the blurb says. True, we all looked happy - no mistakes, good runs - our muscles finally having stopped groaning. The crunch ... bidi bidis, those nasty little burrs that drive into your O-suit and concertina it into knots. It's like pulling apart Velcro and it always seems to invade behind the knees or down ones neck, where the hand can't reach.

To Helensville, the home of mingimingi, that ankle tripper, that knee snatcher, that right B of a tripper-upper. Wrapped round wrist and ankle and transferred by way of Kaipara sand, it can't be good for your local garden.

After the 4-Day, what then? A dusting of sheep's sultanas from Waiuku Forest Farms map. And Huriwai ooze to add to your lawn - that brown, smelly, seepy swamp which takes a good half hour to hose off your shoes.

"They" say that cattle and sheep spread burrs and seeds and birds spread berries. But I contend that Orienteers as a race are slowly redistributing the Greater Auckland area. In a million years North Shore will be swamp, Manurewa will be a waving carpet of bidi bidi, and Waiuku will be a jungle of mingimingi.

Be warned.

GIB BOARD FOREST RUN

11 May 1990

Dear Forest Run Helpers,

On behalf of the organizing committee I would like to thank all the volunteers who helped out with this years run.

This was the 10th Anniversary of the event which is now a major feature of the running calendar. We had 2300 entries including a busload from New Plymouth, gave away \$10,000 in prizes and hopefully will raise a further \$10,000 for the NZ World Champs Team in 1991.

As well as parking 1000 cars the 'team' also handed out 2500 cups of water, sold 600 cans of beer and 1300 sausages, gave out 2000 certificates and reeled out and in 3 kilometers of plastic tape. A great effort!!

Thanks again for your support,
Paul Dalton

AFFILIATION FEES

Clubs are reminded the first payment of NZOF affiliation fees for 1990 are due 30 April 1990.

1991 MAJOR EVENTS

Clubs are reminded applications for major events in 1991 are due with the Fixtures Officer, Stan Foster, by 30 April 1990.

APOC 1994

New Zealand has been allocated APOC 1994. Clubs are invited to apply to hold this event. It will include the AUST/NZ Challenge. It is hoped we can also be allocated a World Cup event and the Veterans World Cup.

-Clubs need to supply details of proposed map(s) including location etc.

-Timing of event e.g. early Jan, May...

Written application to the Secretary by 21 May 1990.

COUNCIL MEETING NZOF

A Council Meeting of NZOF will be held on Sunday 3 June 1990 at Masterton. It is hoped all clubs will be represented as they will probably have competitors at the Queen's Birthday event. Your club secretary has details of the agenda.

KIWISPORT

Laurie Baxter has been busy compiling the new Kiwisport Orienteering Manual. The Hillary Commission is very pleased with our ability to produce Kiwisport manuals/handbooks etc.

STOP PRESS

TVNZ will be filming 6 minutes of orienteering at Auckland Domain, on June 17th. It would be great to have a big turnout there !!!

BADGE EVENTS

Club are requested to note the following points:

- event details including entry forms are to reach competitors a minimum of 8 weeks before event closing date.

- results are to be sent to NZOF Secretary and Badge Statistician as soon as possible after the event.

- event levies are to be sent to NZOF as soon as possible after the event. NZOF does not expect to have to ask for levies and results.

THE HOVELL TOUR - AUSTRALIA - NEW ZEALAND CHALLENGE 1990.

There have been various whisperings (and sometimes louder noises) about how us Kiwis won't be able to put together a proper team to challenge the Aussies on their own turf, because everyone will be either broke or recovering from APOC in North America.

NOT TRUE!! (well, not quite.) For one thing, cancellation is their prerogative, not ours. For another, I feel we can still give a very good account of ourselves - win some Grades, have fun and keep the Kiwi flag flying high. It's not the numbers, it's how hard we try. So, if

Canada is too expensive
You haven't enough leave owing
You like granite and goldmines
You've a yearning to climb Kosciusko
You noticed that Aussies make better wine than Kanucks

then the Hovell Tour is for you.

Getting there and back:

Flights are planned from all three main International airports; the Wellington contingent will fly to Sydney on the evening of Friday 21 September, with the Auckland and Christchurch groups on the Saturday morning. This gives us all time to get to Canberra for the first day's competition - the ACT Champs on Sunday 23rd.

The return trip for everyone will be from Melbourne on Monday 8 October, again to all three NZ centres.

Airfares are expected to be in the region of \$580-600 for those who book before July 14th.

NEWSLETTER

Transport and Accommodation:

The plan is independence -small groups can travel together, plan their rest days, where they want to stay and so on. Apart from the requirements of Team membership you will be a free agent. We are able to make bookings for rental cars, minibuses and/or motorhomes or you can arrange your own transport; your accommodation is a choice of motorhome, hotel, motel or motorcamp. Arrange for a group of you to go together and note it on the booking form.

Booking In:

See attached forms, or find them in your local newsletter, Mapsport or NZOF News over the next few weeks. Bookings are welcome from now on; the closing date of 14 July gives plenty of time for decisions after the Team Selection, which will be soon after the final trial at Queen's Birthday. Bookings after 14 July are still possible, but will be much more expensive.

The Weather:

This is very changeable -we could be in for anything from hot sun to very cold; so it will pay to be ready for anything.

Event Entries:

No word from Australia yet; as soon as they arrive we'll circulate them through newsletters etc.

Sightseeing:

We'll be passing through some of the best scenery in Australia -the Snowy Mountains, the Murrumbidgee and Murray Rivers, the Rutherglen wine region, Glenrowan (Ned Kelly's stamping-ground) Sovereign Hill, Eureka Stockade, much more. Your travel pack will include more details.

Team Members:

details on uniforms, entries etc will be circulated to team members shortly after the team is announced -after the final trial at Queen's Birthday Weekend.

"The Hovell Tour"

Australia — New Zealand Challenge 1990

In 1824, Hamilton Hume and W.H. Hovell led a party of explorers from Sydney. They intended to find Wagga Wagga but ended up in Melbourne! Hume, of course, is remembered by the Hume Highway, Hume Weir, Humula and many other significant geographic features. Poor old Hovell got the flick. This tour is therefore named to redress the historic neglect.

The tour will commence in Sydney (arrival port) and end in Melbourne (departure port).
