EDITORIAL

Hi Folks,

I hope you haven't forgotten to enter for the Auckland Champs and forward your name to your club representative for the Auckland Relay Champs.

Promotion thru shows like the EXPO due to come in in 12/13th October in Epsom Showgrounds is an excellent idea, the sport is not promoted enough to the public. At a lot of our meetings the numbers of the public far outnumber our own members I often wonder if there is enough follow up being done (if at all). Who's responsibility is it or should it be? Do we need a promotions person at each meeting to welcome members of the public who attend irregularly, preferably someone with a good memory for faces and names to introduce them to some of our members and make them feel welcome?

The next deadline for the November issue is 25th October so don't forget to send the contributions to the Editor's address.

THE CENTRAL SPY REPORT

- # I have heard that Alister Landels is back in town and that Robert Jessop is rumoured to arrive about the time of writing this column. I look forward to reading articles from them about their experiences in Europe.
- # Have just heard that there was another marathoner from the club in the Rotorua Fletcher Marathon. Apparently Mike Steiner blitzed our other club members. Mike did a 2hr 55m lap of the lake. Way to go, Mike.
- # Rudi Hlawatsch had another go at breaking the 3hr barrier at the Northland Placemakers Marathon at Whangarei. He said "I went out a little too fast and suffered when I could only manage 3h 01m 49s." Never mind, Rudi, there's always another marathon coming up.
- # The next Summer Series of events are all ready to go. Look out for the new controls with clippers and new clip cards.
- # The 1992 Event Calendar has almost been finalised and it looks like Central Club will be involved with organising 27 events - down 2 from 1991.
- # The club's AGM will be held in conjunction with a BBQ in the One Tree Hill BBQ area on the 1st December. The area has been booked. BYO and forget the running gear as this will be a social event.
- # The venue for the club's committee meetings is 56 Allens Road, East Tamaki. Look for the 'O' flag marking the venue. The starting time is, as always, 7.30pm. The meeting is always held on the first Wednesday of every month so the dates for the next meetings are, 2nd October and 6th November. There will be no committee meeting in December. All members are invited to attend as we don't have an appointed committee.
- # Have you put in your nominations for President, Secretary or Treasurer yet. Forward your names to Peter Johnson (Ph 575-9147).

NORTH WEST NEWS

- * Wow Katie, you did it! 10th place - we're all proud of you. You're now got all the guys in the club scared stiff of being beaten by you at every event. He He.
- * Northcote College recently held a Trivial Pursuit evening to raise some money, and guess who won with 80% of the questions correct? A free meal is about to be enjoyed by Chris & Lorri, Keith & Lesley, Rob & Gay and Mike & Debbie. They are even taking Dave & Glen along, seeing that they were the hosts! Someone was heard to ask Rob.. "Do you people do this professionally?" What a good idea; any offers??
- * Kirsten Ambler spent the August holidays in Australia with the netball team from Orewa College. Hope you had a good time Kirsten, especially

after all those Moro Bars we were forced to buy to get you there!

- * North West will soon be losing a long time member and this year's treasurer Barry Hanlon. Barry is off to Australia to live and has already joined Garingal club in Sydney. Thanks for all your work and ideas over the past few years, and who knows - we could see you back here wearing the green and gold of an OZ M55. How long are the residential requirements Barry?
- * The club had a stand and a small course through Smith's Bush at the 'Have a Go' day organised by the North Harbour Sports Foundation, at Orewa Domain. It was the first time the new tunnel tent had been used and very useful it was when the showers came. The weather wasn't the best, and when it rained it drove people to seek shelter and we had a captive audience to introduce to orienteering. It is most noticeable that children are very aware of the sport and are also very keen to take part. It's the parents who need convincing.
- * North Harbour Secondary Schools Competition run by our club is now completed and was won easily by Orewa College. Thanks to the Ambler family - in charge of transport - they were able to gain points by having more competitors taking part at each event than any other school. Second was Rangitoto College and third Whenuapai School.
- * The club has booked accommodation on Motutapu Island for the weekend of December 7/8th. There's lots to do there from water sports to a permanent orienteering course. It should be a great social weekend as well as a think tank for the club's future plans. Let Ann Fettes know if you would like to be included.
- * The October Club meeting is at Middleton's on Thursday 3rd and the November meeting is at Stone's house on Thursday 4th. All welcome.

DJ JAZZY JEFF AND THE FRESH PRINCE'S SOUTH AUCKLAND GOSSIP CORNER

- @ Well its not really DJ JAZZY JEFF AND THE FRESH PRINCES GOSSIP CORNER any more as Tony has school commitments so it's DJ JAZZY JEFF from now on. It's been a very wet winter, Summer is something to look forward to.
- @ Apologies to a few of our members who's names were left out of the latest AOA membership list.
Patrick, Jan, Simon and Nicole BETTY, Margaret, Alister and Claire BRIFFETT, Keith and Stacey HATWELL, Anne McKAY, Daniel SANDERS, Linda WILSON, Grant UNKOVICH.
- @ Well, Tania and Robbie arrived back in New Zealand from Europe to find that there was a meeting in progress at their place (not the best recipe for jet lag). I did squeeze a little bit of information from Robbie. I'm sure that Robbie and Tania have lots to tell in the next months magazine.
- @ A story about the two Kens, one is good and the other is bad. The good news is that Ken Green had his 40th Wedding anniversary in September. Congratulation. The bad news is that Ken Browne has been advised not to do any more running but he may walk around as usual!

- @ Get your entries in for the Auckland Champs folks also the Auckland Relays, if you have any enquiries ring Lyndsay or Jill.
- @ Kristen Lewis has done her Mum proud by gaining silver for Latin dancing, which from what I hear, is Cha Cha, Romba and Jive.
- @ Daniel Steven and Unni Lewis, have both sprained their right ankles on the same course 4 at OY6 (WAIUKU FOREST) and both ended up seeing the same physiotherapist (same cow pat I suppose!! - ed).
- @ Daniel Sanders is currently doing a Horticulture course at the polytech (watch out for those lettuce folks). Daniel is the lad who runs in M15 with Beach Baggies and singlet.
- @ Well that's the lot for now, if you have any information you'd like to share with us, please ring Daniel Steven (Ph 294-8181).

LETTERS TO THE EDITOR

Dear Editor,

I was unable to attend this 'O' think tank at Waiouru on 7th Sept. However I did submit the following two articles to be considered by them and would like to hear your readers criticisms on the two subjects.

Mike Ashmore

CHANGE THE 'O' SEASON SPRING, SUMMER, AUTUMN

1. These are the seasons when people enjoy the outdoors. Orienteering is a much more attractive and appealing sport when it's run on nice fine days. Let's change our season and market the sport for when people want to be outdoors.
2. Run the National Champs over the Easter period.
3. Run the Aust/NZ Challenge over the May school holidays. May is now the only period when Australia and NZ school holidays are the same.
4. School and university students would, I'm sure, appreciate a change from the Nationals run at Labour Weekend so they can concentrate on exams at this time of the year.

If the NZOF Executive demanded the above changes then area associations would need to look at restructuring their annual events programme and thus I'm sure a Spring, Summer, Autumn 'O' season would come into being.

Mike Ashmore

PROGRESS OR STAGNATE

Firstly, I must make it quite clear the following is no way a criticism of the NZOF executive or their performance past or present. I have great admiration for their efforts and commitment to the sport.

Ever since I attended my first and only NZOF meeting this year I came away rather disillusioned knowing one reason why the sport will not progress and wondering how it has survived thus far.

The answer to the survival of course was relatively simple. It has been due solely to the efforts of a dedicated nucleus of members through out the country.

Progress, well thats different, that involves a number of things, two of which I consider most important:

- a) The name of the game today for progress is "Marketing". A subject I know nothing about but see many sports having to take on such a ploy. The prime example is Rugby - in the past, untouchable, but today under threat, its image and appeal very much waning due mainly to the competition from league. Rugby now realises this and is taking unprecedented steps to counter it.

How we can market Oreinteering I don't know, apart from possibly putting it in the hands of professional marketing people within the sport. All I know is we should be looking at doing something in this direction.

- b) At the national level the sport needs to have the right management and management structure. As far as I can see we have the personal within the sport or outside the sport. All I know is we should be looking at doing something in this direction.
 - 1) Change the existing structure by electing four to five executive officers including secretary and treasurer.
 - 2) Offer a term of office. Three years or whatever decided.
 - 3) Pay each officer an annual honorarium, ie \$2000 or whatever decided.
 - 4) Give the executive body sole power to administer the sport at the national level and represent it at international level, without interference from clubs or area association. The progress of the sport at this level will be in their hands.
 - 5) To assist this executive group in their administration tasks, they be given the right to solicit clubs and area associations to act a sub committees for the purposes of collecting subject information which will in turn be presented in report form to the executive (copies of such reports would also be circulated to all clubs and associations). It will be the executive prerogative whether or not they use reported information in their decision making.

The above structure will give the executive total freedom to administer the sport without having to get consensus from clubs on their decisions. I consider this last point a major problem of the existing structure in that it tends to suppress decision making.

Mike Ashmore

Dear Editor

I've received a reply from the Minister of Energy in response to my letter regarding the prospecting licence in Woodhill. I find it alarming - quite contrary to Mr Luxton's hope that it allay my fears.

I enclose excerpts from the work schedule. The only protection the schedule gives us is clause 19 'Prospecting activities shall not interfere with permitted recreational use'. I can't see us affording legal fees to challenge the mining company when they 'recontour' disturbed ground. There is mounting public opposition to the prospecting licence. Lets us support it and keep the pressure on the minister.

Ann Fettes

Work Programme

1 The licence area shall be systematically prospected so as to clearly delineate the ironsand reserve potential.

Stage II Reconnaissance geochemical sampling of the licence area using hand held sand augers.

Stage III Detailed sampling on a grid or traverse of any areas of interest using drilling equipment capable of sampling to a depth of 100 metres.

10 Where the prospecting or the preparation of prospecting sites requires the disturbance of the surface of the land, the licensee shall:

- a remove and stockpile separately any topsoil and other material excavated;
- b progressively but not later than at the completion of prospecting at each site, recontour the site, replace topsoil and revegetate the land to the satisfaction of the Inspector of Mines and Quarries in consultation with the landowner and occupier;
- c if required by the Inspector erect a temporary fence around the disturbed area to facilitate rehabilitation.

11 During prospecting operations involving earthworks or drilling a buffer strip of not less than 20 metres in width as measured on the ground surface shall be left between the operation or track and any stream, creek, wetland or lake in the area unless otherwise expressly authorised in writing.

14 Unless the written approval of the Inspector of Mines and Quarries consultation with the appropriate Regional Council has first been obtained, the licensee shall not:

- a operate any earthmoving machinery in any watercourse;
- b form or build any crossing, ford, bridge or other structure in, or over any watercourse where it is likely to adversely affect the natural flow of that watercourse.

15 The licensee shall take all necessary precautions during and at the completion of prospecting operations, to ensure that any topsoil removed, or other material excavated, or any fillings, dumps or other waste materials, do not enter into any watercourse.

FROM THE ARCHIVES

OCT 1981 - The Auckland Night Champs in Ye Olde Woodhill map with Terge Moen winning the Mens and Jeanne Browne the Womens events. Then the final OY on Reeves Farm Patumahoe followed by the Nationals on the Woodhill 81 map - now Temu Rd and Whites Line. Ross Brighthouse beat John Rix by 13 seconds covering the 10Km in 74.30 with David Melrose third and Trish Aspin took the womens 21A title for the third successive year from Katie Fettes and English visitors Wendy Doddds.

Looking through other grades we see winners Paul Dalton M19, Terry Garbolino M35B, Joanne Cunningham W15, Robyn Oldfield W12 and Barry Shuker M35 beating Lyndsay Shuker by less than a minute. From what I remember of the event was as an early starter I ran into a herd of deer and after this I started wearing 'O' glass (old mens handle bars).

PRACTICAL PROMOTION

I foresee the forthcoming Sport & Leisure Expo at the Epsom Showgrounds (12-13 Oct) as a catalyst for promoting our sport. The obvious outlet for using such a static display format is the local shopping malls as a repetitive, ongoing, promotional activity.

Under the auspices of the AOA we now have a number of graphic and visual display itmes which will allow us to project such a promotion in a more professional manner (a prerequisite of mall managements).

For the Expo, hardware such as a colour TV monitor and VCR is being hired, with a very impressive display unit being loaned to us by Tom Davies for this one-off event.

A crucial part of future promotional activities will now hinge on whether or not we can access similar hardware items on a regular basis. Can anyone assist with this problem?

Should the AOA sanction such promotions then I envisage these to take part on Saturdays. Why not volunteer to help; it might be fun!!

Mike Ashmore

STOP PRESS : Rumour has it, Princess Diana and Prince Charles will be attending the EXPO and orienteering is on their agenda. If you are a betting person, I wouldn't bet against this !!

POEMS

A couple of Swedish Central members
were saying to myself and home
secretary (wife), how difficult it was
to see an English word, pronounce it
correctly and suit the situation it is
intended for. For instance:

ADDRESS:

1. House number
2. Speak to the people
3. Be clever
4. Sweet nothings in your ear
5. Size up to a golf ball

BORE:

1. Drill a hole
2. Listen to the same old story
3. She bore children (as in BEAR)

BEAR

1. Carry or produce children
 2. Produce produce
 3. Withstand pain or a bore
 4. A hairy lumbering Orienteer
- And so it goes on:- Like this...

A Fair-haired lad had a fairly
good time at the fair & faired
well at the sideshows. He thought
what a *feat* not to get sore *feet*
at the *fete!*

I take it you already know
Of *though* and *bough* and *cough* and *dough*?
Others may stumble, but not you
On *hiccough*, *thorough*, *tough* and *through*?
Well done! And now you wish, perhaps,
To learn of less familiar traps?
Beware of *heard*, a dreadful word
That look like *beard* and sounds like *bird*.
And *dead*: it's said like *bed*, not *bead* -
For goodness sake don't call it *deed*!
Watch out for *meat*, and *great*, and *threat*
(They rhyme with *suite*, and *straight*, and *debt*);
A *moth* is not a *moth* in *mother*,
Nor *both* in *bother*, *broth* in *brother*,
And *here* is not a match for *there*,
Nor *dear* and *fear* for *bear* and *pear*,
And then there's *dose* and *rose* and *lose* -
Just look these up - and *goose* and *choose*,
And *cork* and *work*, and *card* and *ward*,
And *font* and *front*, and *word* and *sword*,
And *do* and *go*, and *thwart* and *cart* -
Come, come, I've hardly made a start!
A dreadful language? Man alive,
I'd mastered it when I was FIVE!

AUCKLAND 8

Dear Miss Fettes

I would like to extend you my heartiest congratulations on achieving an outstanding 10th place at the world elite long course orienteering championships in Czechoslovakia recently.

This is an excellent result and obviously just reward for all your training and commitment.

To be the second highest placed non-European of all time is a result you and your family should be very proud of. It is particularly significant that you beat competitors from four of the best orienteering countries in the world.

Please accept my personal congratulations and acknowledgement.

Yours sincerely

Hon John Banks
MINISTER OF RECREATION AND SPORT

New Zealand Orienteering Federation

Ph. (09) 666 981 (Res.)

170 Campbell Road,
Greenlane,
Auckland, S.

11th September 1991.

Dear Mr. Luxton,

On behalf of the Orienteers & other recreational users of Woodhill Forest, I appeal to you to rescind any intention of granting a prospecting license for the Muriwai area. Apart from our groups being naturally conservative, for continuation of recreation, I personally have seen the resultant devastation in parts of Australia, from mining, as a follow-on from "harmless, scientific, prospecting". This is your country Mr. Luxton, as well as ours; its a panoramic green jewel & an envy of other nations. Its your signature that keeps it intact or spoils it.

yours faithfully

Annicholls.

Orienteering Liaison Officer,
Auckland Area.

P.S.

I would truly be proud to have a heap of letters of similar nature to mine, forwarded to Parliament. It's Auckland main "O" stamping ground at stake.

WORLD CHAMPS RESULTS

The New Zealand team at the World Orienteering Championships in Czechoslovakia is to be congratulated for the excellent results. Notable in the individual race was Katie Fettes placed 10th - a result beyond all expectations.

In the relays the men's team was 11th, despite being ranked 24th.

More details to be published in Mapsport.

WORLD CUP 1994

Embargo

There is an embargo on all orienteers to areas in Woodhill Forest south and south-east of Temu Road.

This embargo is in force from now until May 1994.

Anyone breaking the embargo is jeopardising New Zealand's participation at the World Cup.

Committee

Presently Ken Holst has taken responsibility for the initial World Cup preparations. The NZOF Management Committee wishes to set up a committee to continue these preparations.

Positions that need to be filled are:

Co-ordinator (at this stage responsible for sponsorship, fundraising, publicity, media liaison, entries, etc.)

Mapper

Cartographer

Course Planner

Controller (responsible for event controlling - the map, courses, overprinting, start/finish area etc.)

These key personnel must be able to meet in Auckland regularly.

If you are interested in any of these positions please express your interest in writing to Chrissie Williams, NZOF Secretary by 16 October 1991. Include a summary of your experience and any conditions that would affect your involvement.

MAPSPORT

Bas Cuthbert has offered to produce the current issue of Mapsport. As there will be no advertising revenue for this issue clubs have been asked to let Bas know the number of Mapsports they require, and will be asked to pay \$1 for each copy.

COURSE SETTING COMPETITION

There have been no offers to run the course setting competition in 1991 or 1992. Clubs can still offer to do this.

AFFILIATIONS

The next instalment of affiliations is due to the NZOF Treasurer by 30 September. Any orienteers wishing to compete at Nationals must be affiliated by that date.
